Depart from Santa Barbara and drive along the beautiful Pacific-Coast Highway. Arrive at Denmark Village - Solvang around noon. Antiquated windmills and Northern Europeans-style architecture punctuate the little village's skyline. Brilliant sunshine, boundless open country and rolling hills- these are the characteristics of what the original Danish immigrants called "Solvang," or "Sunny Field." Day5 Yosemite National Park - Los Angeles

In the morning, you will visit California's best-known Yosemite National Park, one of the wonders of Nature. Yosemite is located near the geographical center of the Nevada mountain range. Towering granite rocks, mighty waterfalls and placid valleys give Yosemite all the aspects of a “land of the gods”. Giant trees, water gushing from the mountains, huge rocks and cliffs carved to create a land of fantasy. There is little doubt that water – in both its liquid and solid form – was the chief architect of Yosemite's landscapes. Here you will see the biggest granite rock in the world-El Captain, the fifth waterfall in the world-Yosemite Waterfall, and Half Dome at the Tunnel View Point.

Proceed to Los Angeles in the afternoon. Arrive in Los Angeles in the evening for a wonderful conclusion of the trip.

Day6 Universal Studios

Today, the first stop is the Hollywood Walk of Fame. It was built in 1958 by California's artist--- Oliver Weismuller. It consists of more than 2,400 five-pointed stars embedded in the sidewalks. The stars are permanent public monuments to achievement in the entertainment industry. Walk of Fame runs 1.3 miles, starting from Grauman's Chinese Theatre where the Oscar ceremony was held from 1944 to 1946. The Oscar ceremony has changed to be holding in Kodak Theatre (which is next to Chinese Theatre) since 2001. In fact, this is the home for many movie premieres.

Universal Studio City set up in 1915 to serve as the general headquarters of what was already the biggest film company in the United States. Such film studios as MGM, Paramount, 20th Century Fox, and United Artists were not yet in existence. Universal Studio Hollywood was opened to the public on July 4, 1964, when the film market had dipped due to the rise of television in the early 1960s. This attraction now draws millions of visitors annually and brings biggest income to the studios.

The Universal Studio, is located in Hollywood, capital of the American film industry, occupies an entire hill and covers 525 acres, 485 of which are in actual use. It comprises 48 film studios, of which 32 are devoted to shooting films. Universal Studio City is the biggest film and TV producer in the world. The tour takes visitors through thrilling cinematic spectacles, such as bridge-crushing snow avalanches, exploding mountain torrents, giant white sharks, a roaring effigy of King Kong, and so forth. Virtual reality mock – ups from the films “Back to the Future”, “Jurassic Park”, and “Aliens” are excruciatingly life-like, And awe-inspiring are the nerve-shattering special effects in “Water World” and “Wild West”, and in the stereoscopic films “Terminator 2 3D” and “4D.” The fun is accentuated by song- and –dance performances and animal show as well as humorous and comic children's programs.
